2) Cases treated at the out-patient departments in the Bowring and Lady Curzon Hospital sometimes include plague, Cholera and Diphtheria cases. The Pathologist's work in examining such cases cannot possibly be handed over to the Health Office.

Item 1) Isolation Hospital is purely a Government Institution under the control of the Residency Surgeon. One-fourth of its cost is recovered from the Municipal Commission and three-fourths met by Government. It appears therefore that it is part of the duty of the Pathologist to do this work as the Government cannot open a separate Laboratory for the Isolation Hospital.

Item 2) This work also appears to be part of the duty of the Pathologist of the Bowring and Lady Curzon Hospitals. When a patient is treated in the out-patient departments of the Bowring and Lady Curzon Hospitals, it is the duty of the hospital to see from what disease he is suffering.

The Residency Surgeon, however, proposes to continue the payment of Rs.20/- per mensem to Pathologist and debit the cost to the Isolation Hospital as follows:-

¾ of the cost to Government.	Rs.15/- per mensem or Rs.180/- per annum.
¼ to the Municipal Commission.	Rs.5/- per mensem or Rs.60/- per annum.

If approved the file may in the first instance be sent u.o. to the President, Municipal Commission for favour of remarks.

As the Residency Surgeon states that work is being done on behalf of the Isolation Hospital, I agree to his suggestion to debit the allowance to that Hospital, for the maintenance of which the Municipal Commission pays one-fourth share.

SUBJECT:- Allowance to Sub-Assistant Surgeon,Bowring Hospital-for Laboratory Work.

Sir,

I have the honour to inform you that the Pathologist attached to the Bowring & Lady Curzon Hospitals was for many years being paid Rs 20/-/- per mensem for doing Bacteriological work pertaining to the Station Municipality.

The President of the Station Municipality has now given it as his opinion that the bacteriological and analytical work undertaken on behalf of the Municipality and which is at present sent to the Laboratory at the Bowring Civil Hospital could be undertaken at the Municipal Laboratory and that in these cicumstances the allowance of Rs 20/- should no lohger be paid by the Municipality to the Sub-Assistant Surgeon who is Pathologist of the Bowring & Lady Curzon Hospitals.

Even if the Health Department of the Municipality is now able to do the work hitherto done for them by the Bowring Civil Hospital there still remains work,in connection with the Public Health of the Civil & Military Station, which cannot properly or conveniently be undertaken by the Municipal Laboratory i.e.:-

1) Almost all the samples taken from the patients admitted into the Isolation Hospital are examined here to enable proper diagnosis of the cases.

2) From to time cases present themselves at the out-patient Department of the Bowring & Lady Curzon Hospitals for admission and turn out to be plague,Cholera,Diphtheria. In

Letter No. 1167/65, dated the 31st August, 1932, from the Residency Surgeon, Bangalore.

Order.

The Pathologist, Bowring and Lady Curzon Hospitals, Bangalore, has now been asked to examine all the samples taken from the patients admitted into the Isolation Hospital, Bangalore, to enable proper diagnosis of the cases. As this distinctly involves additional work and responsibility, the Hon'ble the Resident is pleased to sanction, under ---- ---- Fundamental Rule 9(25)(b) read with Rule 57 of the Book of Financial Powers, a special pay of Rs. 20/- (Rupees twenty) per mensem to the Pathologist, Bowring and Lady Curzon Hospital, with effect from the 1st October, 1932.

2. The charge should be met from the allotment in the Mysore Assigned Tract budget under the head "Account XII-III-Medical and Public Health-A.1-Pay of Establishment (Isolation Hospital)".
